STATION

Powerful. Ultrathin. Extraordinary.

HandyStation Pro is a notebook equipped with a large 15,6" 16:9 high definition LED display that combines processing power, thanks to Intel's low-consumption and high-performance processors (Intel 12th), specifically dedicated to portable solutions, to the completeness of the standard equipment, now indispensable for personal or work use (smart working) and for distance learning (smart learning).

Iris XE Ultra GPU 4K

It is equipped with a Iris XE video processor for the full support to the new standard Ultra HD 4K (4096x2160 resolution). The image quality and sharpness is absolutely at the highest levels obtainable today and it can handle a video device simultaneously (TV, monitor, projector).

Fast Memory & Storage

Equipped with 1 Slot for SSD Hard Disk up to 1TB (M.2, NVMe) and ultra-fast memory (8GB/16GB/20GB/32GB/36GB DDR4 RAM), it combines a remarkable storage capacity with a high execution speed.

Windows 11 Apps & Internet TV

It allows you to access a plethora of applications (new ones are added every day) designed for the Windows 11 Pro 64-bit operating system, surf the Internet, receive Web TV and radio stations, manage email, access social networks, instant messaging, communication, including video calling and video conferencing.

Email & Social

Ideal for e-mail management and accessing various social networks (eg Facebook, X, Instagram) or instant messaging (eg Skype, WhatsApp).

WebCam: live with the world

It includes a full-color camera with a microphone for making video calls and video conferences. The camera is located on the bottom of the front panel, and all functions are managed through the Windows 11 app.

FingerPrint: safety and practicality

The fingerprint reader on the touchpad simultaneously provides enhanced security, simplifies access to notebook features, and offers access to password-protected services and apps (such as online banking, social networks, confidential websites, email, etc.). It also safeguards information and files in case of loss or theft.

A net for everything

It shares all resources (audio, video, internet, apps, data) and interacts with all products connected wirelessly via the integrated 5G WiFi Dual Mode 2.4/5.8GHz and Bluetooth 4.2 modules. HandyStation is compatible with all devices that adhere to the DLNA standard.

A net for everybody

It is possible to use an unlimited number of HandyStation devices, and the network can be expanded or modified as demands grow or change. Creating the network is very simple, and the recognition of new devices is automatic.

Multimedia Player 4K H.265

It fully supports high-definition Ultra HD in all the most popular formats (Blu-Ray, Mkv, H.264, H.265, HDR, HLG HDR, M2TS, Avi, DVD, MPEG1/2/4, DivX, XviD, TP, TS, etc.). It allows for increasing the resolution of standard definition (SD) videos and photos (e.g., DVD and DivX) up to 4096x2160 through the internal scaler.

High Fidelity

Equipped with a digital HD 6-channel audio processor and audio output for connecting to Hi-Fi systems or televisions.

Always ready

All functions are managed using the tactile membrane multimedia keyboard with backlit keys, designed for use in low-light environments. It comes complete with a numeric keypad and a large touchpad. Additionally, you have the option to combine it with the Wireless Optical Mouse for remote control, with a range of up to 10 meters and 360° coverage.

Long Life

The new generation rechargeable lithium polymer battery provides an extended operating life of up to 8 hours, depending on usage mode. The power supply/battery charger is included.

Ultra-thin, ultra-light

Extremely handy and convenient. Its compact size is due to its thickness of only 1.9 cm. It's also robust, thanks to its special anti-shock cover, and it weighs approximately 1.8 kg.

Easy installation and Use

Many connections are provided: Microphone and Headphone, USB 3.0, USB Type-C ports, LAN, Mini-HDMI, SD card slot, etc.

HANDYSTATION PRO XE

- 15.6" Full HD IPS Screen
- Wide Micro Frame Display (only 6mm of edge on each side)
- CPU Intel 64bit i7 12th
- GPU Iris XE Graphic Ultra HD 4K (4096x2160) 4GB/16GB SM
- Multimedia Player 4K (Blu-Ray, Mkv, H.264, H.265, HDR, HLG HDR, M2TS, Avi, DVD, MPEG1/2/4, DivX, XviD, TP, TS, etc.)
- Internet & Web TV 4K (IPTV, YouTube, Internet, e-mail, etc.)
- E-Book Reader compatible with all popular digital formats of books, magazines and newspapers
- Color WebCam 2MegaPixel with microphone (video calls, video conferences, distance learning, etc.)
- 3D Game Station 4K
- Hard Disk SSD NVMe 250GB/500GB/1TB/2TB
- Hard Disk SSD M.2 256GB/512GB/1TB (opz.)
- 8GB/12GB/16GB/20GB/32GB/36GB DDR4 RAM 2666
- 1 GigaBit LAN
- 5G WiFi 802.11ac Dual Mode 2.4/5.8Ghz
- Bluetooth 4.0
- FingerPrint
- 2 Hi-Fi Stereo Speakers
- 1 Slot NVMe/M.2
- inputs/outputs: 2 USB 3.0, 2 USB 2.0, 1 USB Type-C, Mini-HDMI, LAN, 1 Mic, 1 Audio Out/Headphone, SD Card Reader
- Multimedia keyboard with backlit keys complete with numeric keypad
- Touch Mouse Pad
- 2.4GHz Wireless Optical Mouse (opt.)
- External power supply/battery charger "Absolute Silent"
- Rechargeable lithium polymer battery
- silver color
- size 35.9 x 23.8 x 1.9 cm
- weight about 1.8kg
- Windows 11 Pro 64bit
